1.3 REGISTRATION OF PLAYERS

1.3.1 Freedom of Choice

- b) The Association reserves the right to refuse an application from a player based on legitimate competition reasons, including number of players, available fields or coaches.

NSFA Regulations

1.3.2 Registration Mandatory

- a) Any person wishing to play in competitions or other matches conducted by the Association must register with FFA via the FFA National online self-registration system.
- b) Players become eligible to play in Association-sanctioned matches when the player's club has approved the registration, made the participant "Active", and placed him/her into a team.

1.3.3 Proof of Age

Every player must provide proof of his/her age to the satisfaction of the club registrar at the time of registration. The Association may call upon clubs to provide such documentation for verification. Failure to provide proof of age will nullify the player's registration and the team(s) will be penalised by loss of points for all matches in which the player participated as an unregistered player.

1.3.4 Period of Registration

- a) The FFA National online self-registration system opens on the first working day in January each year.
- b) All registrations are valid from the date the player submits his or her registration on the FFA National online self-registration system until December 31 of that year.
- c) An amateur player registered with a club may move to any other club during the registration period by following the procedure set out in **Section 1.3.8** of these Regulations.
- d) Any amateur player who requests a clearance from a club and that club does not provide such clearance within seven (7) days of the request made, may request the NSFA to process that request.

1.3.5 Dual Registration

- a) Players cannot be dual registered with any other club either from within the Association or outside.
- b) A player registered with FFA can only play for the club nominated on the prescribed form unless the player is playing:
 - i) For a representative or development team (does not include clubs competing in FNSW National Premier Leagues and Youth Leagues and Mixed Skills Acquisition Program); or
 - ii) For a Futsal club for which that player is also registered; or
 - iii) For a school's team that is not a club; or

- e) The club registrar must accept a player's application via the FFA National online self-registration system before a player is eligible to participate in any match. Once accepted the player's registration status must be marked in the FFA National online self-registration system. Once the player has completed online registration, his/her details will automatically upload to the Association's player registration database as "Active".
- f) Once the player is "Active", the club must allocate the player to a team via the Association player registration system in order to finalise his/her registration with the Association. A player is not eligible to play in any match until allocated to a team.

- i) Players who have not correctly registered at the time of a match in which they participate are ineligible and the provisions of **Section 2.23.1 of NSFA Regulation 2 – Competition Football** may be applied.
- j) NSFA will not accept registrations after August 1, without specific approval of the Competitions Department.
